

FSV Metering Valve

The Contractor FSV flow control valve is designed for the precise metering of abrasive into the compressed air flow at the outlet of a blast machine.

Design features

The 45° inclined FSV valve design affords uniform mixture of air and abrasive. The valve's durable control disks provide precise metering of an abrasive quantity. The service port allows the valve to be cleared of clogging. The Contractor FSV flow control valve is designed for working with mineral abrasives (slag).
